include as an option seamless integration with M365 and Outlook that support user's reporting suspected phishing emails (including tests) to Authorized Purchaser through an automated feature. This aspect of the desired Services should:

1. Ensure compatibility with popular operating systems, including Windows, macOS, iOS and Android.
2. Function across various email clients, including at least Microsoft Outlook.
3. Be capable of use on both workstations and mobile devices, such as laptops, desktops, smartphones, and tablets.
4. Be simple to install and configure for administrators, and easy to use by end users.
5. Support a custom delivery location for reports, and allow multiple recipients.

5. Optional Simulation Filter. The State desires phishing simulation services that include as an option a filter mechanism that recognizes and filters out simulated phishing emails used for training purposes. It is expected that filter rules will accurately identify simulated phishing emails while allowing real phishing attempts to be reported.

SECTION 3: PROCUREMENT REQUIREMENTS

3.1 OREGONBUYS ELECTRONIC RESPONSE

All Proposers must be registered in OregonBuys (by creating a vendor account) to do business with the State. Registration is free. To create a vendor account, click the blue "Register" button in the top right corner of the OregonBuys website: https://oregonbuys.gov/bso. For registration assistance see vendor registration guidance.

Proposers are responsible for ensuring that their vendor registration and information is current and correct in OregonBuys. DAS PS is not responsible for defective registration or incorrect vendor information.

Proposer should follow the procedures outlined at: https://www.oregon.gov/das/ORBuys/Documents/OregonBuys%20Vendor%20Formal%20Solicitation%20Response.pdf.

3.2 MINIMUM QUALIFICATIONS

To be considered for evaluation, Proposal must address each of the items listed in this Section 3.2 and all other requirements set forth in this RFP. Proposer shall describe the Goods to be provided or the Services to be performed or both. A Proposal that merely offers to provide the Goods or Services as stated in this RFP may be considered non-Responsive to this RFP and will not be considered further.

Proposer must have a minimum of five years' experience in providing the Goods or Services that it proposes to provide Authorized Purchasers.

3.2.1 Authorized Representative

Failure of Proposer's authorized representative to sign the Proposal may result in rejection of the Proposal by DAS PS.

3.3 MINIMUM SUBMISSION REQUIREMENTS

3.3.1 Proposal Submissions

To be considered for evaluation, Proposer must include in its Proposal each of the following (each of which is further detailed in Proposal Requirements section below).

- Vendor Profile (Section 3.4.9)
- Executive Summary (See section 3.4.10)
- Disclosure Exemption Affidavit (Attachment B)
- Proposer Information and Certification Sheet (Attachment C)
- Cost Proposal (See section 3.4.8)
- COBID Certification / Outreach Plan (Attachment D)
- Responsibility Inquiry (Attachment E)
- Sample Materials Documents (See section 3.4.11)
- Optional Phishing Simulation Training Tools (Attachment F)

3.4 PROPOSAL REQUIREMENTS

A Proposal should follow the format and reference the sections listed in this Proposal Requirements section. Responses to each section and subsection should be labeled to indicate the item being addressed.

A Proposal should not include extensive artwork, or other materials not essential to the utility and clarity of the Proposal. Do not include marketing or advertising materials in the Proposal, unless requested. Proposer's Proposal should be straightforward and address the requests of the RFP. Proposals containing unsolicited marketing or advertising materials may receive a lower evaluation score if required information is difficult to locate.

3.4.1 Attachment B – Exemption Disclosure Affidavit (NOT SCORED)

Proposer will provide with its Proposal the completed, signed, and notarized **Attachment B – Disclosure Exemption Affidavit**. Proposals missing the Attachment B may be found non-responsive and will not be considered for evaluation. **If Proposer believes any of its Proposal is exempt from disclosure under Oregon Public Records Law (ORS 192.311 through 192.478)**. Proposer shall also mark as "Confidential" in OregonBuys all attachments to its Proposal that Proposer believes are exempt from disclosure.

3.4.2 Attachment C – Proposer Information and Certification Sheet (NOT SCORED)

Proposer shall complete and submit the **Attachment C - Proposer Information and Certification Sheet** bearing the Proposer's authorized representative's Signature.

Failure to demonstrate compliance with Oregon Tax Laws and sign the Proposer Information and Certification Sheet may result in a finding of non-Responsibility.

The **Attachment C - Proposer Information and Certification Sheet** must bear the Proposer's

authorized representative's Signature. Electronic signatures are acceptable.

3.4.3 Attachment D – COBID Certification / Outreach Plan (NOT SCORED)

Proposer will provide with its Proposal a completed **Attachment D – COBID Certification / Outreach Plan**. Proposals missing the completed Attachment D may be found to be non-responsive and will not be considered for evaluation.

3.4.4 Attachment E – Responsibility Inquiry (NOT SCORED)

Proposer will provide with its Proposal a completed **Attachment E – Responsibility Inquiry**. A Proposal missing the Attachment E may be found non-responsive and may not be considered for evaluation.

3.4.5 Attachment F – Optional Phishing Simulation Training Tools (NOT SCORED)

Proposer will provide (if applicable) a completed **Attachment F – Optional Phishing Simulation Training Tools**. Proposer should refer to the instructions tab on the attachment as well as section 2.4.5.4.1 Optional Phishing Simulation Training Tools.

3.4.6 Subscriptions and/or Service Level Agreements (NOT SCORED)

Proposer will provide any proposed underlying licensing or subscription terms and agreements, and/or all proposed service level agreements, in its Proposal.

3.4.7 Price Proposal (NOT SCORED)

Proposer must include a price proposal that sets forth a price for each item proposed in response to this RFP as maximum prices for each year of the first five-year term of the Price Agreement. This includes items listed in Section 2.4 Scope of Services, as well as any additional optional or add on items. Goods and Services should be proposed as fixed costs, or as hourly rates if applicable. The pricing should include the associated fees and costs for any applicable subscriptions and service level agreements.

If there are cost reduction advantages, such as multiple orders, Proposer will identify these. Proposer may include tiered pricing for alternative levels of service.

A Proposal missing pricing information may be found non-responsive and will not be considered for evaluation.

Proposer is also encouraged to list any additional products or services, and related pricing, that may be relevant to the scope of Goods and Services requested.

3.4.8 Vendor Profile (30 POINTS)

Proposer must submit a Vendor Profile consistent with this section and its offered Goods or Services.

1. **Assessment and Planning**

   As applicable to Proposer's proposed goods and services, describe Proposer's capabilities and availability to assess the current cybersecurity awareness and training materials

within an organization, and assist with the planning of new or updated cybersecurity awareness training and materials.

2. **Content Development**

   If Proposer is offering to provide content development services such as eLearning modules, videos, infographics, and/or written resources, Proposer shall specify the subject areas and modalities, including any format compatible with industry standard Learning Management Systems (LMS), including the State's current LMS, Workday. Proposer shall specify if its offering is compatible with Workday integration. However, it is possible to submit other vendor hosted LMS methods.

   If Proposer offers content development, please provide a short description of how Proposer ensures that content covers essential cybersecurity topics such as security culture, phishing, social engineering, password security, data protection, etc.

   If Proposer offers content development, please provide a short description of how Proposer ensures that different staff roles and level of technical expertise within the organization are covered.

3. **Training Delivery**

   Describe Proposer's training delivery modalities. Indicate if Proposer has the ability to customize training programs. If so, please describe the following:

   1. The methods Proposer uses to delivery customized training, e.g., online platforms, workshops, seminars, etc.
   2. How Proposer ensures that customized training sessions (such as webinars) reach employees in different departments, and ensuring a sufficient number of sessions to accommodate a diverse audience with various levels of understanding of Cyber Security knowledge?
   3. Proposer's methodology for tracking and reporting of employees' completion and performance in the training sessions, if offered.

4. **Cybersecurity Awareness Month Training or Materials**

   Indicate if Proposer offers any special training or materials during or for the annual Cybersecurity Awareness Month. If so, please describe how these materials are disseminated to end users, and what topics may be included in the materials.

   If Proposer offers these trainings or materials, how does Proposer ensure that content is provided to multi and/or enterprise-wide organizations with time for the organizations to review before disseminating materials?

5. **Targeted Technical Training**

   Indicate in its vendor profile if Proposer offers targeted technical training. If so, please describe the following:

   1. If the technical training is customizable to suit the organization's specific requirements and industry context.
   2. If the technical training materials and sessions are scalable to accommodate growth or reduction in the workforce, and changing technical needs over time?

3. Proposer's capability to measure the effectiveness of the technical training offerings, and detailed reporting on effectiveness, including a description of the methodology and process.

6. Regulation Specific Education

Indicate if Proposer offers training sessions and materials on specific regulatory frameworks. If so, please specifically describe any available services, including on at least:

1. The Security and Privacy requirements under the Health Insurance Portability and Accountability Act (HIPAA).
2. Payment Card Industry (PCI) standards.
3. The Family Education Rights and Privacy Act (FERPA).

If training sessions and materials on specific regulatory frameworks are offered by Proposer, describe how Proposer ensures that training materials are up to date, accurate, and align with applicable regulatory requirements and best practices.

3.4.9 Executive Summary (30 POINTS)

Proposer shall provide a description of its organization and describe in detail the type and number of years of experience it has in providing the goods or services that Proposer intends to offer.

Proposer's summary must also describe the features and functionalities that address each of the Goods and/or Services Proposer is offering in its Proposal.

3.4.10 Sample Materials Documentation (40 POINTS)

Proposer shall submit documentation of the variety of the security training documents, videos, tutorials, and eLearning sessions that it provides that are within scope of Section 2.4, Scope of Services. If applicable to Proposer's Proposal, Proposer shall describe the technology platform that content is built in, its tracking and reporting capabilities, and compliance with technical standards.

3.4.11 Ordering Process (30 POINTS)

Proposer shall submit a description and relevant documentation of its ordering process, including at a minimum:

1. Proposer's customer service, including hours of operation, emergency protocol, etc. In addition, describe any extra benefits an Authorized Purchaser could receive, such as a dedicated customer service representative. Proposer is expected to make available customer service agents and technical support staff to handle all orders and mitigate all order-related technical issues from 8:00 am to 5:00 pm Pacific Time on business days.
2. The methods of payment Proposer accepts. Authorized Purchasers have many different payment methods, i.e., electronic funds Transfer (ETF), vouchers, credit cards.
3. If Authorized Purchaser wants to order Goods and Services using a blanket purchase order (e.g., to set up an account) how many days will it take to get its account set up.
